

Global Payments Integrated Resources

Below are resources to bring understanding for how CP Pay works to provide a secure checkout process as well as guides for Global Payments and EMV Setup (If applicable)

Setup Steps

1. Setup your gateway accounts with Global Payments Customer Representative
2. Order your EMV hardware from your Global Payments Rep (If applicable)
3. Read through the articles for Global Payments Integrated Setup
4. Read through the Articles in Global Payments Integrated EMV when your equipment arrives
5. Run a test transaction following steps provided in Global Payments I
6. Finish completing the setup of your OpenEdge Portal. If you run into any issues, please contact your Global Payments Representative
