

FOR IMMEDIATE RELEASE:

Harris County Precinct 2 Implements New Recreation Management Solution

New Software Offers Residents Easier Access to Parks and Rec Activities and Registration

HARRIS COUNTY, ARIZONA – March 14, 2022 – Harris County Precinct 2 has partnered with CivicPlus to implement its parks and recreation management software solution. The CivicRec cloud-based recreation management solution will allow residents greater visibility into offered parks and recreation department activities, classes, sports, and youth leagues with more convenient online registration and payment options. It will also allow residents to access community facilities, such as pavilions, shelters, and meeting rooms, conveniently online.

“The people, products, and services CivicPlus provides to all areas of local government are outstanding,” said Adrian Gomez, Harris County Precinct 2 Commissioner.

The software is designed to be intuitive to navigate and easy for residents to use. In addition, it is mobile-friendly, allowing users to search for community activities and events, register, and remit payment even from a smartphone or tablet.

“CivicPlus is committed to building the types of solutions that help local governments create positive civic experiences in their communities,” said CivicPlus Corporate Marketing Manager Jennifer Elliott. “We are pleased that Harris County Precinct 2 chose to partner with us to create a single, easy-to-use system to help residents get out, get active, and enjoy their community.”

CivicPlus works with over 7,500 local governments in the United States and Canada. Its Civic Experience Platform also includes integrated solutions for website design and hosting, agenda and meeting management, emergency and routine communications, planning, permitting, and licensing, 311 and citizen request management, and codification services by Municode.

About Harris County Precinct 2

Precinct 2 encompasses nearly 560 square miles of east Harris County spanning from the back roads of Huffman, to the bustling shops in Webster, the lucrative petrochemical plants in Baytown, and the unique small businesses of East Aldine. With over 1,300 miles of roads, 17 community centers, 15 municipalities, and 12 school districts within its boundaries, the sense of community is strong. Also unique to Precinct 2 is the number of access points to open water, as well as the only free public beach in Harris County – Sylvan Beach Park. As home to NASA, the Ship Channel, San Jacinto Battleground, Washburn Tunnel, and Lynchburg Ferry.

About CivicPlus

CivicPlus delivers technology solutions that enable local governments to optimize the experience they deliver when interacting with citizens. Over 7,500 local governments use our solutions when serving their 340 million citizens. We deliver the industry’s first and only Civic Experience Platform. It enables local governments to drive more revenue, operate more efficiently, and generate positive recognition for the many services they provide every day.
